For immediate release: April 30, 2020

Press Release
Gallatin County COVID-19 Update

As of Thursday, April 30, 2020, at 12 p.m. Gallatin County has no new confirmed cases of COVID-19, for a cumulative total of 146. There are zero confirmed active cases. There have been a total of 145 people recovered and 2,206 people tested in Gallatin County. One person has died from COVID-19 complications.

The Gallatin City-County Health Department calculates the **recovered case number** as the number of total cases minus any active cases, current hospitalizations and deaths.

More data can be found on GCCHD's new dashboard on our website at this link:
https://www.healthygallatin.org/coronavirus-covid-19/.

This dashboard will be updated by 12 p.m. each day.

Information on statewide cases continue to be found here:
https://montana.maps.arcgis.com/apps/MapSeries/index.html?appid=7c34f3412536439491adcc2103421d4b

All Gallatin County cases consist of community transmission, close contact, and travel related history.

Being waited on will have a new meaning during the phased reopening of local eateries and dining establishments beginning Monday, May 4.

To protect customers from COVID-19 and adhere to state requirements, self-service options will temporarily be prohibited. Customers must be served at a table, buffets and drink refills will no longer be available, and easily accessible table top condiments may be removed, but ask if your server may be able to offer alternatives.
