Press Release
COVID-19 Death in Gallatin County

The Gallatin City-County Health Department is saddened to announce that two more Gallatin County residents have passed away from complications due to COVID-19.

Both were men in their 90s who died at their respective residences in long-term care facilities the week of Feb. 14. The Gallatin City-County Health Department today received the official death certificates that attributed their deaths to COVID-19.

These latest deaths make for a total of 54 COVID-related deaths in Gallatin County. Data on statewide deaths reported by the Montana Department of Public Health and Human Services can be found [here](#).

“The Health Department sends our condolences to the families and friends of these men,” said Matt Kelley, Gallatin City-County Health Department Health Officer. “Even though the vaccine is being distributed in Gallatin County, it will take some time for it to be available to everyone. In order to safeguard our most vulnerable citizens, we ask that everyone continue social distancing, avoiding crowds, wearing face coverings, washing hands, and staying home when sick.”

Out of respect for the families, no further details will be released.

The Gallatin City-County Health Department Call Center is open six days a week, Monday through Saturday from 8 a.m. to 5 p.m. to answer questions about COVID-19. Reach the Call Center by phone at 406-548-0123 or email at callcenter@readygallatin.com.

The most accurate local source of information remains the GCCHD [website](#).
